# ABOUT US

WD studio is a full service architectural & construction firm located in Riyadh, Saudi Arabia since 2018. Experienced in many building types spanning both the public and private sectors for residential and commercial.

Public buildings such as schools, malls, office buildings, medical center and clinics which was directly involved in both exterior and interior designs, resulting in successful projects that the Clients and users found enjoyable to occupy.

Private sector clients such as private villas façade, apartment buildings and landscape design, Interior designs with different styles. In addition to designing, execution and supervision services is provided.

Every project is like an open canvas, waiting for art to be created'

The main focus is designing both functional and sustainable designs to create a better environment.

# VISION

---

To continuously build a resilient, agile and capable design business that people want to work with and that is profitable and sustainable. To be known for creating surprise and delight, pushing boundaries, and innovative ways of finding opportunity in every project. To be known for creating elegant and responsible architecture for ambitious local and global companies, and for private and listed property developers and funds.

To be known as the strongest link in excellent teams, delivering value and quality to clients and team members. To be known as an employer of choice and an investor in people and their innate and learnt skills.

# رؤية VISION 2030

To continuously build a resilient, agile and capable design business that people want to work with and that is profitable and sustainable

To be known for creating surprise and delight, pushing boundaries, and innovative ways of finding opportunity in every project.

# MISSION

Our mission to deliver exceptional buildings that provide real quality of life and measurable long-term investment quality; and to contribute to a better future in better cities by thinking long-term and driving quality decisions. We act responsibly in our role as custodians of the future, by using resources carefully and to their best advantage for maximum value in the long term

At WD studio we see design as problem-solving by listening carefully to our client's needs to develop creative, practical and sustainable solutions. With an integrated team-focused approach, we guide our clients through the collaborative design process. We offer our clients the best value for services and we take great
